8th National Conference of the Neuropathology Society of India (NPSICON 2027)

WELCOME MESSAGE

Dear Friends and Colleagues,

It gives us immense pleasure to welcome you to **NPSICON 2027 – The 8th National Conference of the Neuropathology Society of India,** being held from **21–24 January 2027** at the Advanced Centre for Treatment, Research and Education in Cancer (ACTREC), Tata Memorial Centre, Navi Mumbai.

With the theme **"The Evolving Landscape in Neuropathology,"** this conference aims to bring together distinguished experts, academicians, researchers, pathologists, clinicians, and young professionals from across the country to explore the rapidly advancing frontiers of neuropathology.

The field of neuropathology is undergoing remarkable transformation, driven by advances in molecular diagnostics, integrated tumour classification, digital pathology, artificial intelligence, and precision medicine. NPSICON 2027 seeks to provide an enriching academic platform through insightful scientific lectures, interactive discussions, case-based learning, scientific presentations, and focused workshops addressing contemporary developments and emerging challenges in the discipline.

We hope this conference will foster meaningful academic exchange, encourage collaborative research, and provide an opportunity for postgraduate students, residents, fellows, and young researchers to showcase their work and engage with leaders in the field. Beyond the scientific programme, NPSICON 2027 will offer an excellent opportunity to reconnect with colleagues, establish new professional collaborations, and strengthen the neuropathology community.

Your participation will be invaluable in making this conference a memorable and intellectually rewarding experience. We sincerely look forward to welcoming you to Navi Mumbai and hope that NPSICON 2027 will inspire new ideas, collaborations, and advancements in the field of neuropathology.

Warm regards,

Organising Committee and Neuropathology Society of India
