

INTENSIVE 3-DAY ONLINE WORKSHOP

# BIOMARKER APPLICATIONS TO INFORM CANCER PREVENTION

HOSTED BY THE CORA CONSORTIUM

LIVE via zoom | 25<sup>TH</sup> TO 27<sup>TH</sup> JUNE, 2026 | 9:30-5:30 (IST)

## SPEAKERS AND MODERATORS

### CORA CO-FOUNDERS

**Vikram Gota**  
MD  
Tata Memorial Centre

**Irina Stepanov**  
PhD  
University of Minnesota

**Samir Khariwala**  
MD

**Xianghua Luo**  
PhD

**Aleksandra Alcheva**  
MD, PhD

### ADVANCED CENTRE FOR CANCER TRAINING RESEARCH & EDUCATION IN CANCER

**Rajesh Dikshit**  
PhD

**Tejpal Gupta**  
MD

**Nilesh Gawde**  
MD, PhD (TISS)

**Sharayu Mhatre**  
PhD

**Sadhana Kannan**  
MSc

## WORKSHOP STRUCTURE AND LEARNING OBJECTIVES

### Expert Lectures

By leading researchers

### Hands-on Learning

Paper and case study analysis

### Interactive Small Group Sessions

Moderated by expert faculty

### Research Project Development

Individual feedback and guidance

## WHAT YOU WILL LEARN

- Principles of biomarker research in cancer prevention
- Study design and methodology for biomarker studies
- Biomarker data analysis and interpretation
- Developing a competitive research proposal

SELECTION FOR  
ADVANCED  
TRAINING  
OPPORTUNITY

**5 Participants Selected:**

- **ACTREC** Laboratory Training

**2 Participants Selected:**  
**University of Minnesota**

Course on Biomarker  
Applications in Carcinogenesis  
Research

- Virtual structured didactic training combined with in-person skill development
- Personalized research mentorship
- Collaborate with peers globally

**APPLICATION DEADLINE: 25<sup>TH</sup> MAY 2026**

**REGISTER**

Join community of  
driven researchers

**SUBMIT**

Concept note for  
research proposal

**REGISTER  
NOW!**
