

TUTORIALS IN HAEMODYNAMIC MONITORING

&

THErapy IN CRITICAL CARE '23 (THEMATICC'23)

18 – 19th November 2023

Venue - Advanced Centre for Treatment Research and Education in Cancer,
Tata Memorial Centre, Kharghar, Navi Mumbai

Dear Friends,

The Department of Anesthesiology, Critical Care & Pain, Tata Memorial Centre take pleasure in announcing the Advanced Hemodynamic Monitoring Conference “Tutorials in Hemodynamic Monitoring & Therapy in Critical Care '23 (THEMATICC'23)” to be held on 18th - 19th November 2023 at the ACTREC, Kharghar, Navi Mumbai. This annual hemodynamic Conference was started in 2004 to understand all aspects of hemodynamic monitoring, interpretation and appropriate therapeutic approach. This year, we are having two days course, focusing on extended hands on and interactive sessions dealing with both basic and advanced hemodynamic monitoring modalities including echocardiography. At the end of the course, we expect the delegates to learn physiologic principles involved in monitoring modalities, understand the roles and limitations of different modalities of hemodynamic monitoring in different pathological conditions and formulate appropriate therapeutic strategies based on available monitoring.

The fee for registration (Including 18% GST) is Rs. 6000/- which includes a complimentary copy of the first edition of the 'Textbook of Hemodynamic Monitoring and Therapy in Critical Care'
